

NEW APPROACHES FOR CRYOPRESERVATION AND ESTIMATION CORD BLOOD NUCLEATED CELLS VIABILITY

*L.A.Babiychuk, O.V. Kudokotseva, P.M. Zubov,
O.L.Zubova*

Summary. There was developed a new effective method of cord blood nucleated cells cryopreservation, and demonstrated the importance of the choice of adequate methods for their viability estimation.

Key words: *cord blood, nucleated cells, cryoprotectants, cryopreservation, viability.*
