

USE OF LEVOFLOXACIN IN PULMONOLOGIST'S PRACTICE

S. I. Leshchenko

Summary

The literature data confirming efficacy and safety of levofloxacin, its indications in comparison with other fluoroquinolones have been presented. The results of clinical use of novel generic of levofloxacin — Levolet, manufactured by Dr Reddy's Laboratories Ltd, in treatment of 20 patients with non-severe community-acquired pneumonia have been demonstrated. High level of efficacy and safety of Levolet allowed to recommend its use in treatment of patients with community-acquired pneumonia and other lower respiratory tract infections.
